

Going to Kindergarten!

I go to the ELS at the JCC. I
have so much fun there. learning
and playing with all my friends!

This August, I'll be old enough to go to kindergarten! Some things will feel different, like the building, the number of kids in my class, and no nap time!

Some kids from the ELS go to
the same school for kindergarten,
and others go on their own, but
meet new friends when they start.

The teachers at my new school will be nice. They will teach us lots of cool stuff: reading, math, science, and how to get along with my friends; just like in preschool.

In elementary school, there will be kids my age and some who are a little older. My class will be all kids my age!

I will miss my friends and teachers from the ELS, but I can always come and visit teachers, or set up a play date with an old friend.

I'm going to have lots of fun in
kindergarten. I can't wait!
